

Andy Ho-Yin Kwok

Python Developer foraying with front-end technology and Technical project manager, looking for positions in Paris or remotely. Expertise in databases (Postgres, SQLServer,...)

Experiences

- May 2020 - June 2020 **Intégrateur**, SOLIDARITÉS CRÉATIVES, Paris.
During quarantine and with the end of my last mission, I setup a wiki , [Solidarités créatives](#) . This wiki do a catalog of several association, and their work during the crisis.
- August 2019 - April 2020 **Angular/JS and Python developer - Technical Account manager**, PROPERTY DATA INSIGHT, Paris, PDI is a project incubated by IFS Alpha and funded by BNP Real Estate.
I'm helping the front dev, debugging the app's bugs and I'm helping technically the BNP Real Estate UK's division with PDI's request

Learnt technically in the job : SCSS, HTML, Angular 6, AWS (RDS : Postgres, S3) ,CircleCI , Docker, Git
Learnt in soft skills in the job : Technical account management of BNP Real Estate UK for PDI's requests
- April 2019 - August 2019 **Python developer - DevOps - Technical project manager**, FINDOOR, Paris, Findoor is a startup incubated by IFS Alpha, BNPParibas's incubator.
I'm helping on two fronts :
- Relaunching the go-live as it stalled due to various reasons
- Helping with project management's over IFS Alpha's core team requests. The startup stopped because of lack of funding.

Learnt technically in the job : Django , Python 3.6, AWS (RDS : Postgres, SES, S3) ,CircleCI , Docker, Git
Soft skills learnt in the job : Project management using Scrum
- September 2018 - March 2019 **Python developer junior - Scrum master**, BePATIENT, Paris, BePatient is a software company.
Development on a python home made framework, Ikaaro and scrum master over the current project

Learnt in the job : Python development , Docker , SCRUM

124 rue Compans – 75019 Paris

2005 - 2007 **Project manager**, VEEPEE, Paris, VeePee was a software integrator.
Apache - Postfix - Sendmail implementation and post-implementation support for various major blue chips / PLC companies

Learnt in the job : Linux as infrastructure and dealing with customers

2000 - 2005 **DBA Oracle**, SOPRA, CÉTÉLEM AND FIS, Paris.
Database admin and sys admin tasks

Learnt in the job : Oracle database and Linux

Entrepreneurship

2013 - Now **Co-Founder**, LEPETITFABLABDEPARIS.FR, Paris 11ème.

Le Petit FabLab de Paris is a mix between tech shop , hackerspace and teaching facility. It breeds innovation and boost people skills in coding or design to name a few. From a few volunteers members, we grew to have a staff of a dozen people who run the lab on the weekend.

Things learnt (to name a few): Entrepreneurship, pitch, crowdfunding, , Adaptability , Training in Python

2014 - Présent **Founder**, PARIS AND POITIERS BEGINNERS CODERS, Paris et Poitiers.
I created [Paris Beginners Coders](#) at the end of 2014, to learn Python with other peoples and then I created [Poitiers Beginners Coders](#) to know better Poitiers when I was living there. I grew the memberships to close to 600 for Paris. And the Paris chapter spawned the [Rookie club](#)

Things learnt : Entrepreneurship, Public speaking, Python , Raspberry

Self-taught projects or training done and given on Python, on my spare time, since 2013

Ssh server on python (Work in progress) - [Click on the link to access the project on GitHub](#)

My answers and questions on Python on StackOverflow - [Click on the link to access my Q and A on StackOverflow](#)

My training for layman on Python at le petit Fab Lab de Paris - [Click on the link](#)

I was part of the training team on Geek girl carrots (ex Django Carrots) on Python in 2015 - [Click on the link to access Geek girl carrots](#)

Diplomas

2013 **Associate degree in Statistics (DUT STID)**, PARIS DESCARTES, Paris.

2010 **PRINCE2**, London, PRINCE2 foundation part.
(PRINCE2 is a methodology in project management)

2004 **Bachelor in Computer Science(DEST)**, CNAM, Paris.

124 rue Compans – 75019 Paris
